OBJECTIVE

As a Computer Science Engineering graduate, I have developed a robust passion for programming. My strong foundation in computer science enables me to approach complex problems with enthusiasm. I am eager to apply my skills to real-world projects, driven by a commitment to continuous learning and excellence. With a strong work ethic and a proactive attitude, I am confident in my ability to deliver high-quality work and make a significant impact, whether as a programmer.

EXPERIENCE

CTT Polytechnic Institute, Shimultoli Road, DUET, Gazipur

NOVEMBER 2022 – APRIL 2024

Instructor

- Developed and delivered** comprehensive curriculum for Computer Science Technology courses, ensuring alignment with industry standards and educational best practices.
- Mentored and guided** students through hands-on projects and theoretical lessons, fostering a deep understanding of programming languages, algorithms, database management, and networking protocols.
- Implemented innovative teaching methods** and technologies to enhance student engagement and learning outcomes, including the use of online learning platforms, coding exercises, and interactive simulations.
- Collaborated with faculty** and industry professionals to continuously update course content, reflecting the latest advancements and trends in the field of computer science.
- Assessed student performance** through exams, projects, and practical assessments, providing constructive feedback to support their academic and professional growth.
- Organized and participated** in workshops, seminars, and extracurricular activities to enrich the educational experience and promote a culture of continuous learning.

EDUCATION

Dhaka University of Engineering & Technology, Gazipur

FEBRUARY 2018 - JUNE 2022

Bachelor of Science in [Computer Science and Engineering]

Kushtia Polytechnic Institute, Mir Mosharrof Hossain Road, Kushtia

OCTOBER 2012 – DECEMBER 2016

Diploma-in Engineering [Computer Science Technology]

SKILLS

- Programming Languages:** C, C++, Java, Python
- Front End:** HTML5 & CSS3, Javascript
- Back End:** SQL, PHP
- Version Control System:** git | GitHub
- Graphics Design:** Photoshop, Illustrator
